

*Happy Holidays
from
White Iron Beach Resort*

One of the blessings of this time of year is the chance it gives us to connect with family and friends. This was our 20th year owning White Iron Beach Resort. If the last 20 years has anything to do with all of you who have been coming, we are sure to make it for 20 more.

Our family is doing well. Chad, Tiffany, Mason (10 yrs.), and Bella (7 yrs.) are getting very excited for the Holidays. They also have a new member added to their family, he is a yellow lab puppy named Boe. John, Rachel and Jace (almost 3) are busy also getting ready for Christmas. It is really nice to have all our grandbabies close to home; they make it so much fun. Taylor as most of you know has decided to spread his wings and has moved to Colorado. He moved there in September and really likes it but, is getting a little homesick (I don't think we have ever been away from Taylor for more than a week or so, I guess it's time, he will be 22 in Dec. lol!). We will all be back together for Thanksgiving back home in Illinois which we are all very excited about.

As most of you know cabin 2 got a complete makeover inside and out this past spring as well as newer renovations to cabin 8 and 9 within the last two years. The new garage is up and ready to go thanks from the help of family and friends. The cabins are closed up and docks are out with the lake almost frozen over. We have completely taken out the cement dock over on the Retreat side which will be replaced with a brand new dock next year. New siding and larger bathrooms to cabins 5 and 6 are scheduled to be complete by spring of next year. Construction has already started so stay tuned to facebook and the website for pictures and additional updates!

We wish everyone safe travels and a Wonderful Holiday Season!

Sincerely,

Kerry and Sandy Davis
